## Guerrero Olivos Advises ECSA on Registration and Placement of Local Bond

© 24-04-2018

Guerrero Olivos has advised Empresas Carozzi S.A. (ECSA) in the registration of three series of bonds (Q,R and S series) and further placement of two of those series of bonds (R and S) against the two lines of bonds previously registered on 2017 with the Chilean local financial market commission, former Securities and Exchange Commission (SVS). The \$157.5m deal closed on April 12th.

ECSA will be able to use these funds to expand its financing options and finance potential future acquisitions.

Established in 1898, Empresas Carozzi is a multinational corporation owned by the Bofill family and one of the largest groups in the food and beverages industries in LatAm with significant domestic and international market presence.

Guerrero Olivos, led by partner Jorge Delpiano, assisted by senior counsel Miguel Coddou and associate Matías Ríos, served as legal counsel to ECSA.
